Experience

Product Designer
Bave Design Agency
Part-time
Jul 2023 - Nov 2023
Nigeria

I contributed and led multiple design projects for various clients in various industries. I also organised the redesigning of the company's website.

UI/UX Designer
NewbreedCC
Contract
Sept 2023 - Oct 2023
Nigeria

My role as a UI/UX Designer for Newbreed Church involved the creation of a new landing page that would serve as the digital front door to the church's online presence.

UI/UX Designer
The Udemba Group
Contract
Oct 2023 - Nov 2023
United States

As a UI/UX Designer for The Udemba Group, I aimed to create a simple yet impactful landing page.

Despite the basic nature of the project, the impact was substantial. Our new landing page resulted in a significant 60% increase in user engagement, as visitors spent more time exploring the services.

This basic yet effective landing page became a powerful digital asset, enhancing The Udemba Group's online presence and client engagement.

UI/UX Designer
PDF Lawyer
Contract
Oct 2023 - Nov 2023
United Kingdom

Spearheaded the PDF Lawyer software's design and development, achieving several key milestones.

Conducted extensive user research to identify critical user pain points, shaping the product roadmap.

Conducted usability testing, anticipating faster task completion and fewer support requests when the software is operational.

UI/UX Designer
Volla Pay
Part-time
May 2023 - Jun 2023
Nigeria

Transformed Volla Pay's UI with user-centric design principles, creating a seamless and empowering experience for financial management.

UI/UX Designer
MaxWryte
Contract
Jan 2023 - May 2023
Canada

Crafted an exceptional website for Maxwryte, focusing on captivating visuals, intuitive navigation, and seamless user experience. Transformed their online presence to reflect their unique brand identity and engage visitors effectively.

UI/UX Designer
Yoris Global
Part-time
Nov 2022 - Feb 2023
Nigeria

Under the guidance of the lead designer at Yoris, I developed strong skills in UI design, including creating visually captivating interfaces and applying user-centered design principles.

Web developer
Suburban Fibre Co
Internship
Sep 2021 - Jan 2022
Nigeria

Worked alongside Suburban's web development team, acquiring valuable coding skills and expanding my understanding of front-end development principles. Collaborated on successful web projects, bridging the gap between design and development for seamless user experiences.
